Test Center: United States-India Educational Foundation (USIEF), Chennai

Test Center Location: Chennai

Introduction

College Board's Advanced Placement Program® (AP) is recognized by universities around the world as a standard of academic excellence. Since 1955, the AP® Program has enabled millions of students to take U.S. university undergraduate-level courses and earn undergraduate degree credit, advanced placement, or both while still in high school/secondary school.

Nearly all colleges and universities in the United States—as well as more than 500 universities in 75 countries such as the U.K., Canada, and Australia— consider AP participation favourably for admission and have policies around AP credit and placement.

AP Exams are administered once every year in the month of May.
