RECOMMENDATIONS

Click the "Add Recommenders" button in the left corner of the application form to register your referees. You will need to complete the reference registration form to allow your referee(s) to submit your references online. It is imperative that you accurately enter the information as your referee will receive an automated email informing him/her of the online reference process. Your referees will receive an email from Fulbright@iie.org directly, asking them to register for the website and complete their recommendations. This process will happen as soon as you provide their contact information and click on "Invite Recommenders." **You will receive an email notification after the referee submits the online recommendation letter. References must be submitted no later than August 14, 2023.**

- Do not request more than three referees to submit letters of reference.
- Please provide your referees with a copy of your project statement.
- References should be from people qualified to evaluate your professional work, the abilities you bring to the proposed project, your ability to adapt to another country and culture, and the merits of the project itself.
- References can come from your home institution, but at least one of the references should be from a colleague in your field outside your home institution.
- Choose your referees carefully and contact them early. The letters of recommendation need to accompany the application as it could otherwise be weakened by an insufficient number of references.
- Do not ask someone for a letter of reference unless the person is well acquainted with your qualifications. A pro forma letter from a well-known scholar, a contact abroad or a prominent government official will carry less weight than a realistic assessment of your abilities from someone who knows you and your work well.

United States-India Educational Foundation

www.usief.org.in

- References must be written in or translated into English.
- It is your responsibility to ensure that reference reports are submitted by the deadline.
- Candid, frank reference reports or letters of reference help reviewers place your research proposal within your home institution's objectives and plans for growth. References also provide evidence of your reputation within your discipline.
- **Request your referees to specify their name and designation in the letter of reference. Reference letters without referee name will not be considered.**

Note: Letters of recommendation and language evaluations may be submitted before or after you submit the application. However, ensure that your referees complete their letters of reference prior to the application deadline.

SIGNATURE

To electronically sign the application form, please type in your complete legal name as per your passport and click **confirm**.

REVIEW

Before you submit your application electronically, your application will be reviewed for completeness. If there is missing data, you will be prompted to correct it.

Before you submit your online application, please review it carefully with reference to the **FNIEAS Checklist** and ensure that your application is complete in all respect.

FNIEAS Letter of support from the Home Institution is an important component of the application, without these documents your application will be considered incomplete.

Important: Once you submit the application, you will receive an automated response from Fulbright@iie.org congratulating you for the successful submission of your online application for the Fulbright Visiting Scholar Program.

Note that the United States-Educational Foundation in India (USIEF) - Fulbright Commission in India - will **NOT** send any additional confirmation e-mail to you.

APPLICATION DEADLINE: August 14, 2023, 23:59:59 hrs (IST)
